# HOW TO GET MASSIVE VALUE FROM THIS WORKBOOK

---

*Print this workbook and use it during our master class to stay fully engaged and take notes on what you learnt and any action items you want to implement quickly.*

---

*Think of one question you want answered while we are live together. If your question is not answered during the class, you can ask it during the Q&A Session.*

PeopleSoft Application is \_\_\_\_\_ Driven.

4 major areas of PeopleSoft HCM Product Portfolio are:

1. \_\_\_\_\_
2. \_\_\_\_\_
3. \_\_\_\_\_
4. \_\_\_\_\_

Following HR data is important when acquiring a new company:

---

---

---

---

---

---

Ideas, Insights & Additional Notes

Org Data contains information about company's  
\_\_\_\_\_ & includes details such as:

---

---

---

---

Need to maintain \_\_\_\_\_ data for regulatory requirements

Training, Awards, Security Clearance are considered to be part of  
\_\_\_\_\_

This is the navigation that you follow to setup important tables in HCM
